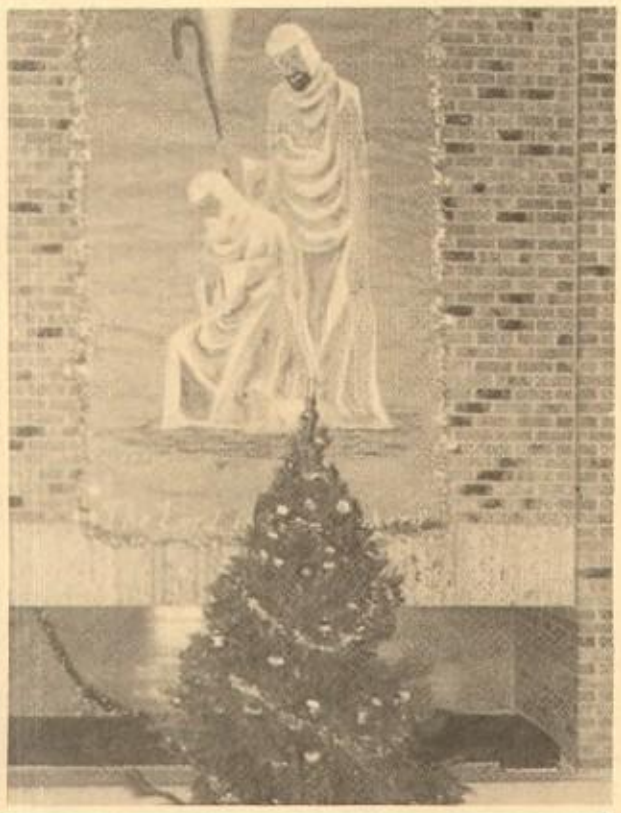
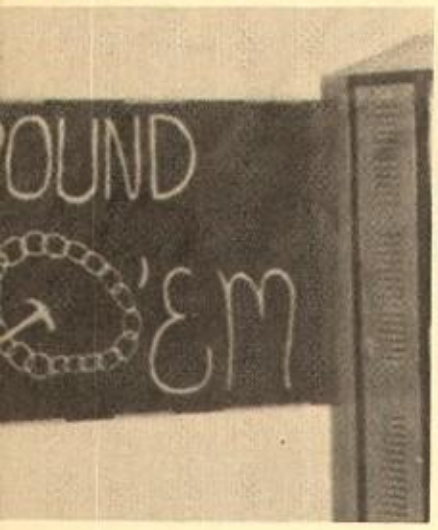
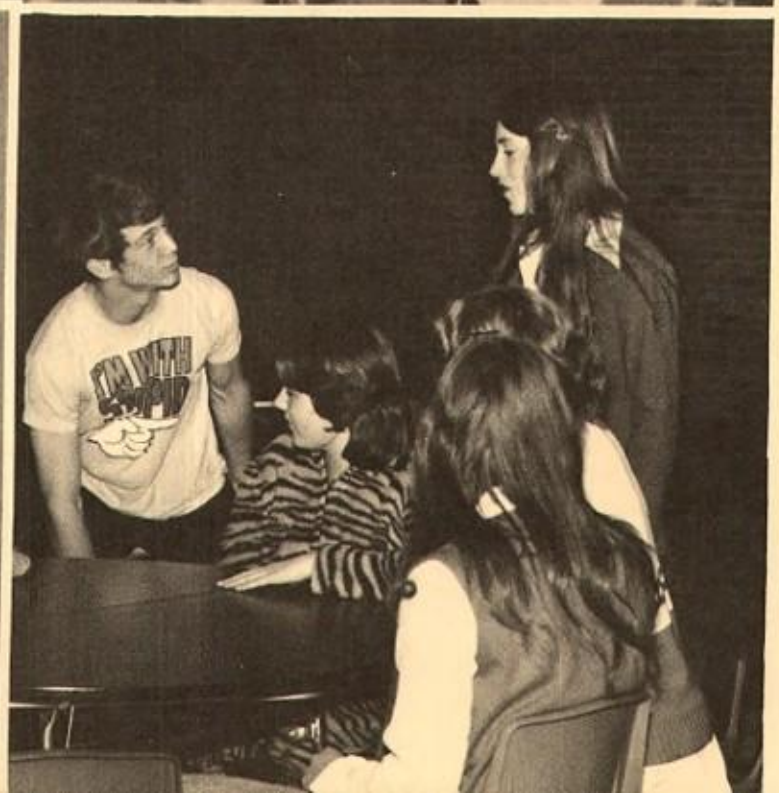
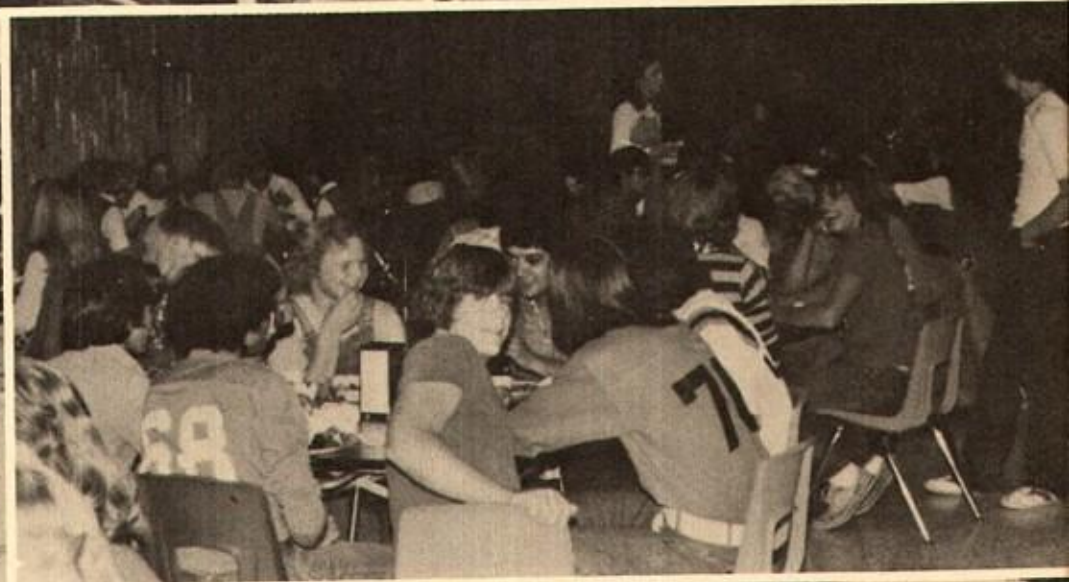
# MEMORIES

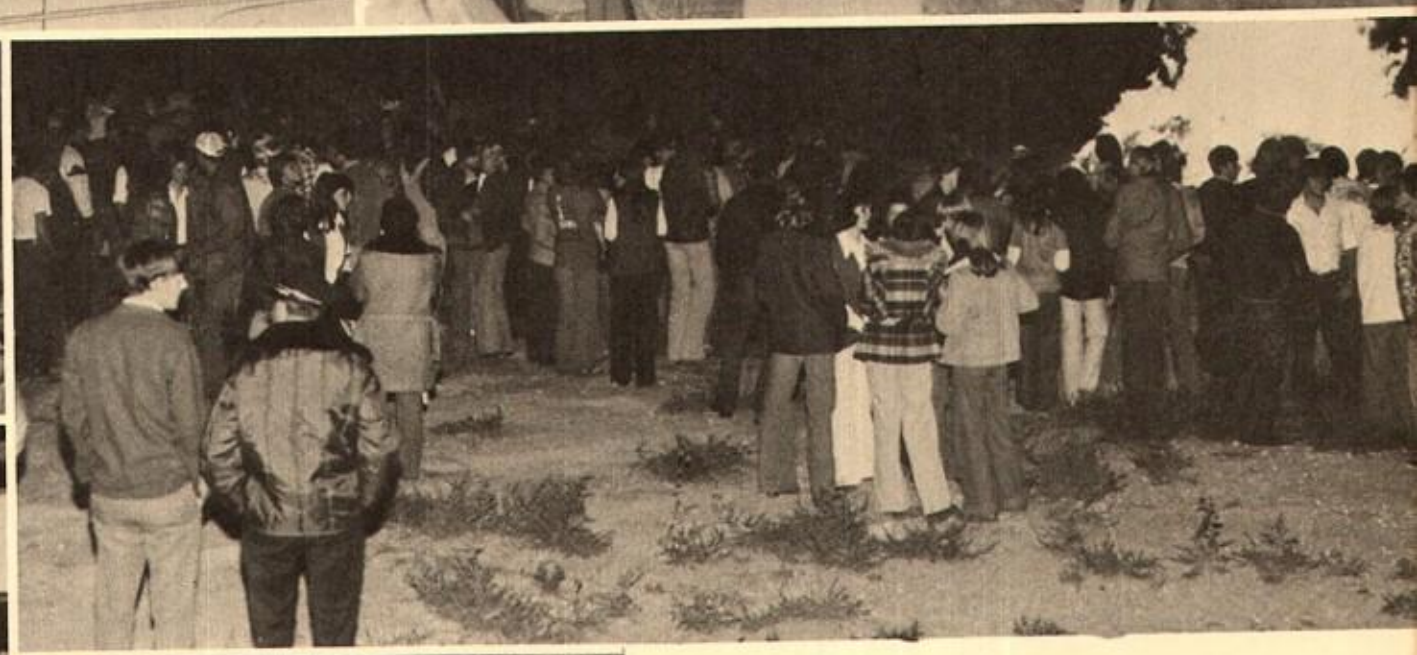


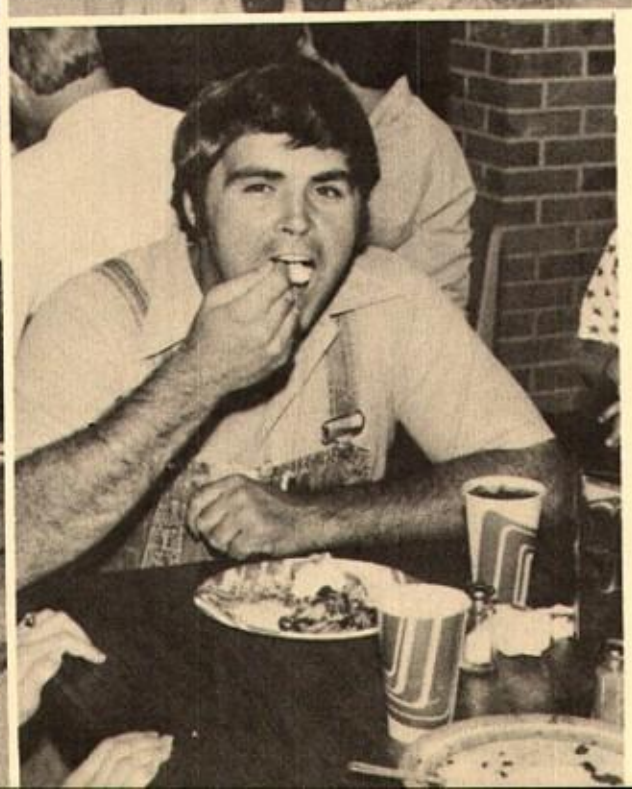


The Tiger Pride
The orange we wore
The ballgames played
The final scores
We will have these moments to remember.



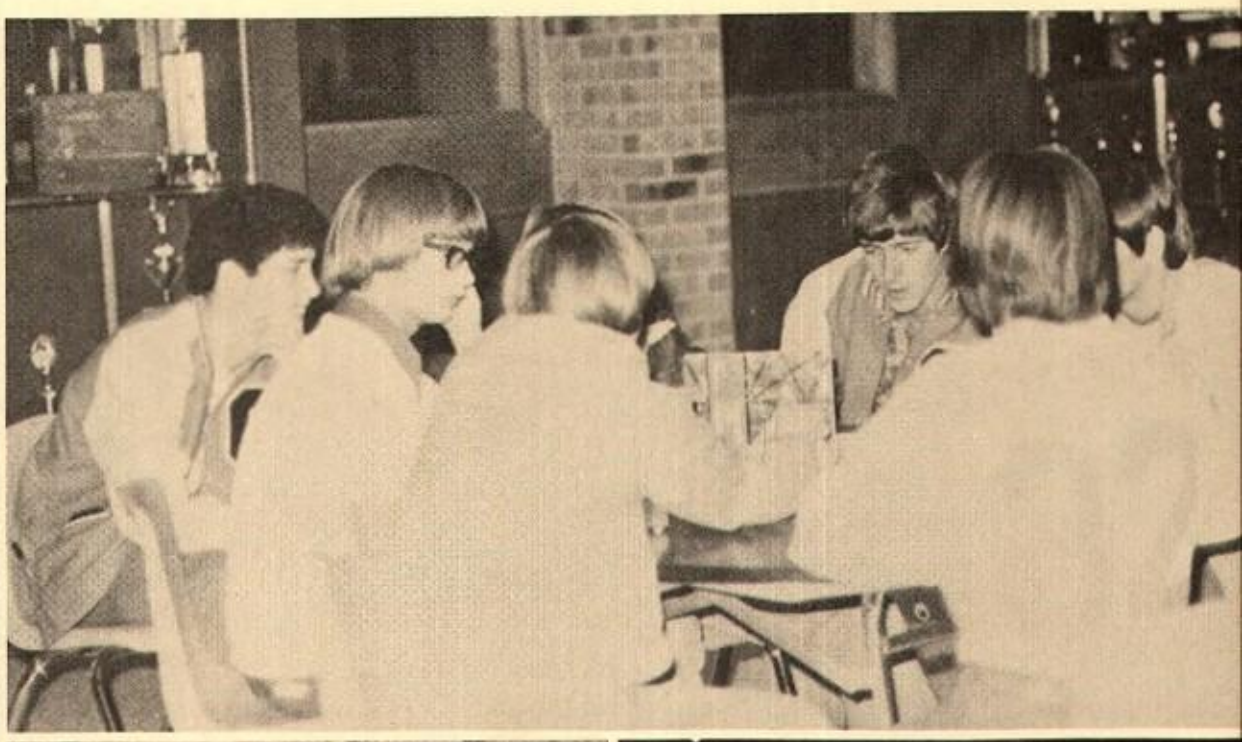


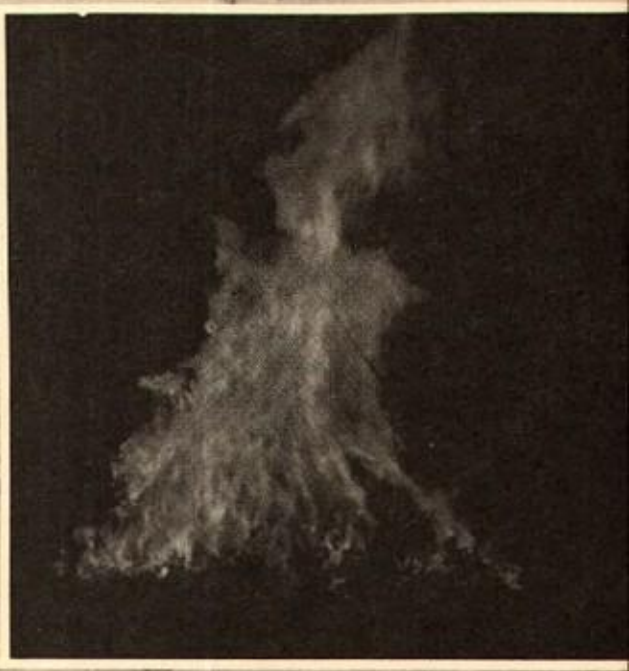


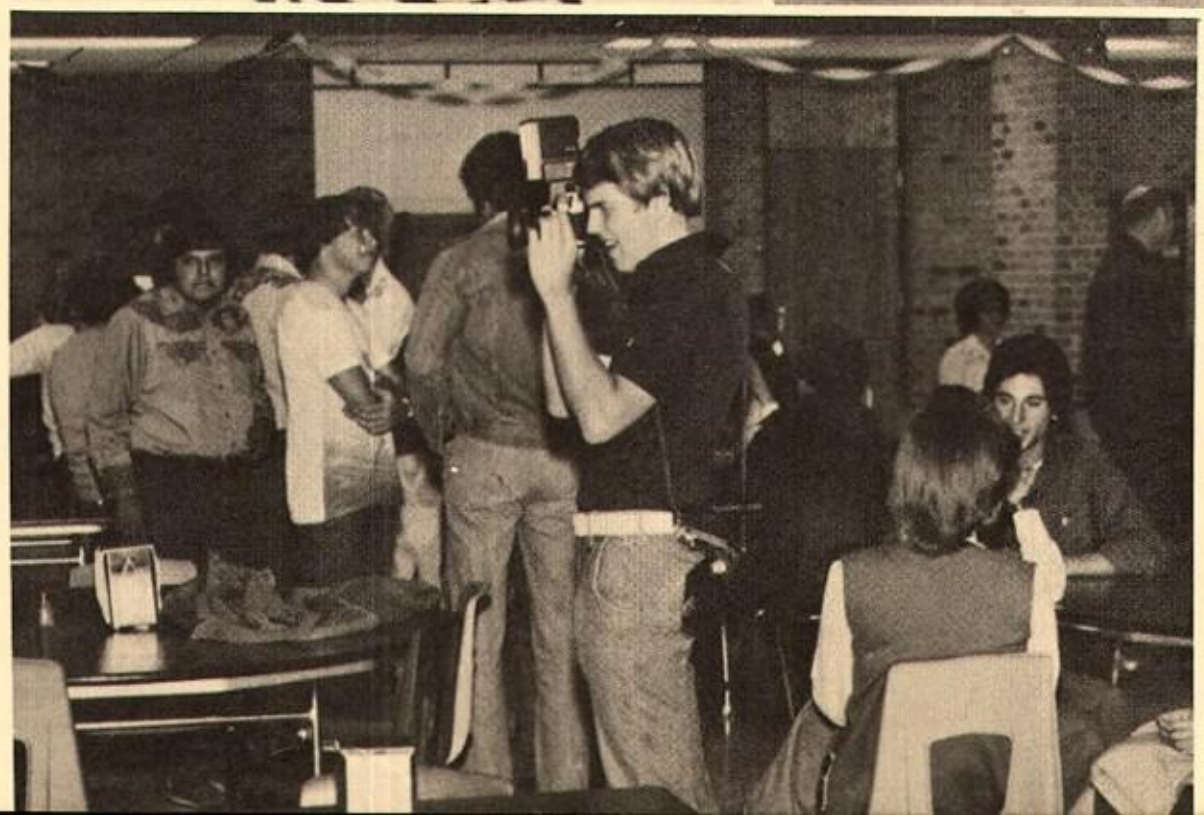


The All-State Band
The half-time show
The Show Boat, all
the tunes we know
We will have these moments to remember.

Though school days turn to summer
The past just disappears
The moments that we had to share
Will echo through the years.







When other nights and other days
Have found us gone our separate ways
We will have these moments to remember.

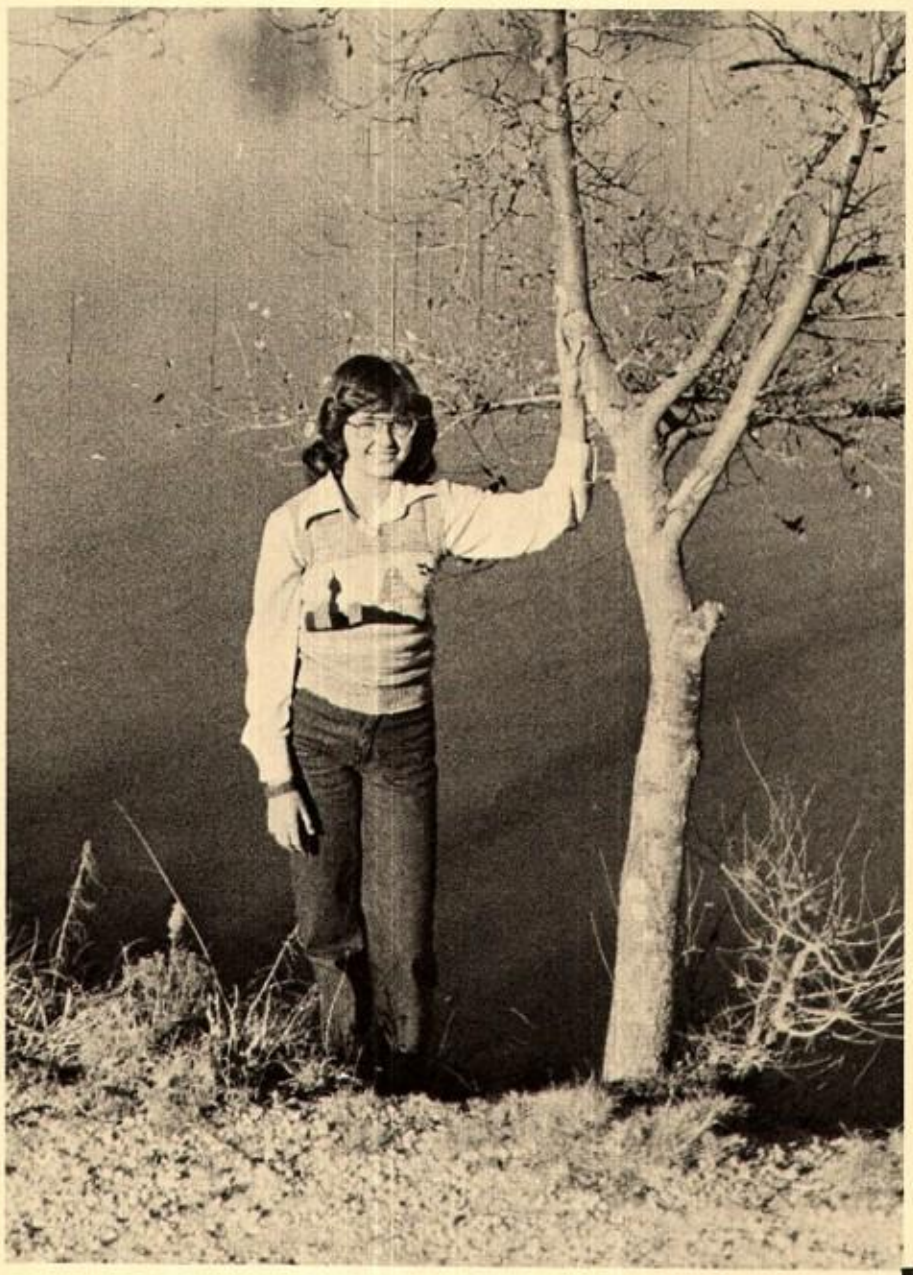
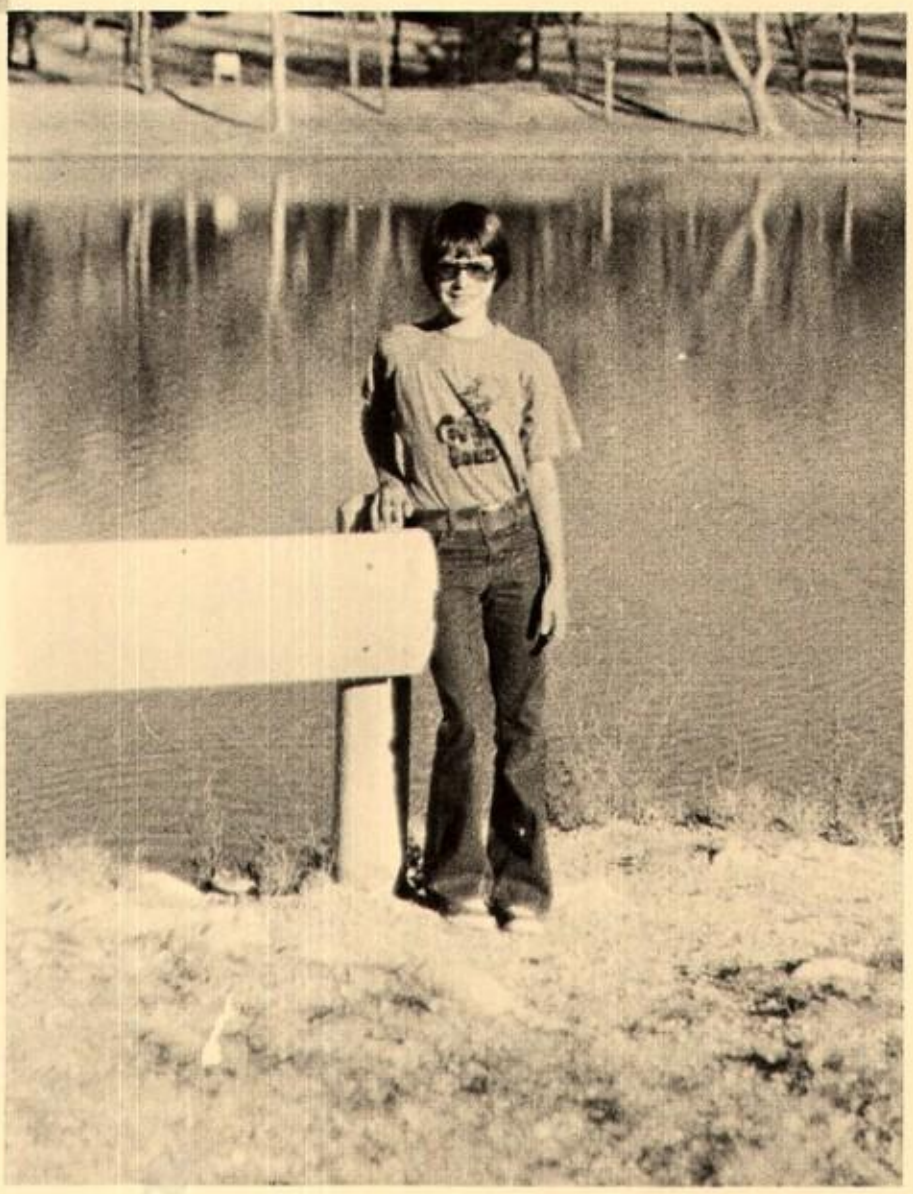
# 7th Deserves Attention Now!

Here we have the 7th grade hall. As you will notice they are busy, as usual. The 7th graders are active in all the school activities. They are full of the old spunk that it takes to be 7th graders!!!!





As you can see, Lisa Wing plays a significant role as a seventh grader. With her brown eyes and pretty smile, she charms her way into many friendships. In her popularity Lisa served as football cheerleader for the 7th grade Tigers and was also a Stuco class representative. This is her first year as a class favorite, but she has hopes for the future.

Steve Flynt is a class officer and is very athletic. He is a member of the 7th grade basketball team and one of his favorite pastimes is being chased by the girls. He has had to run so fast and often that he became the most likely candidate for the track team. This is his first year as class favorite but look out boys, he is likely to be a strong competitor for the next few years.

# 7th Graders Old And New . . .

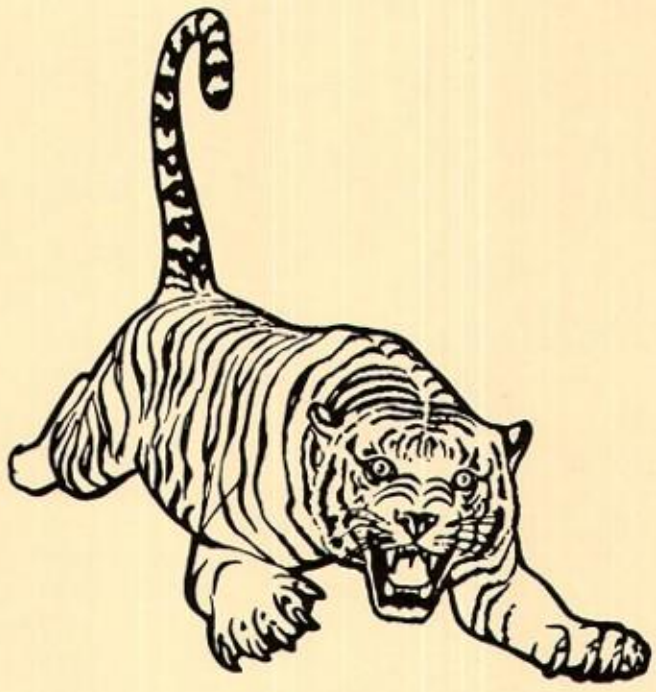
We had many 7th grade newcomers this year-but the only ones available for pictures were Shawn Deane, Leslie Atkins, Rebecca Shrum, Clydean Davis, and the two boys were unidentified for they refused to divulge any information in fear of their lives . . .

Before you are a few of the real people in the 7th grade. They are the backbone of all things in the 7th grade this year. These students take part in all of the 7th grade games but have not yet begun in earnest the game of life. They belong to the 7th grade class of '82.

# Now Let's Be Candid, Hmm!?

What have we here? I'm sure we would all like to know! Do you think he is hiding from someone? I guess we'll never know because he ran very fast after the picture was taken ....

Leslie Atkins is one of the newcomers to the 7th grade this year. It seems that she has also picked up the habit of sitting on the benches watching the boys go by!!!!



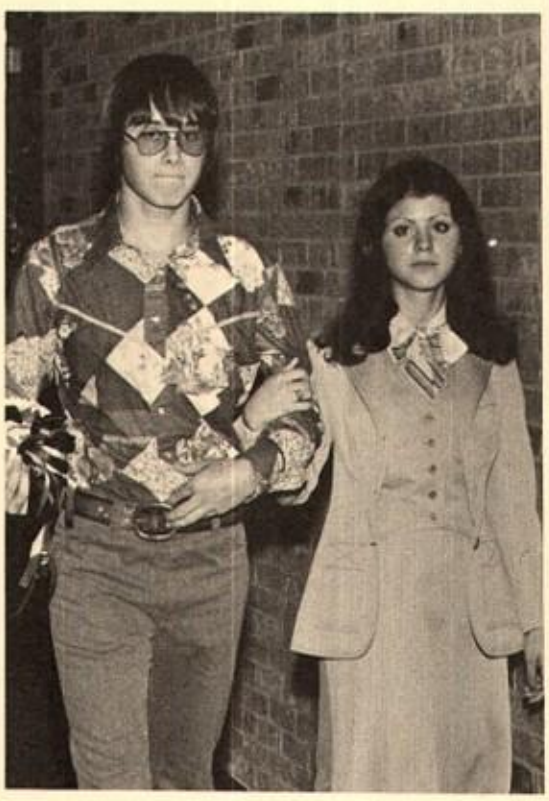
# SPORTS

# HOMECOMING!

Julia Nelson was the girls' basketball queen. She has participated in girls' basketball for two years and has made varsity both years. Wally Adams was her escort. He has participated in boys basketball for three years and started on the varsity team all three years.

Karen Bennett was this year's homecoming queen, representing the football team. She was president of Pep Club, a member of National Honor Society, president of National Forensic League, a member of speech and debate, and Stuco representative. Her escort at homecoming was Mike Schaef who was a member of the Guymon Tiger varsity football team.

Debi Martindale was the boys' basketball queen. Her activities included Debate, Pep Club, Honor society, Math Club and many others. She was escorted by Bryan Wooldridge who has been a starter on the varsity squad for three years.



Aronda Neu was this year's golf queen. She has participated in girls' golf and was a member of Pep Club. Her escort was Jeff Fuerstenau; he has been active in golf through his high school years.

Many memories of the 1976 Homecoming week's activities will be treasured for many years by all of those people who were involved. Even though there were tears in our eyes, tears of sadness at the outcome of the game, there were also tears of joy for the happiness experienced at homecoming, which will always be an unforgettable memory.

Kellie Procter was the track queen. She was a member of Pep Club, band, and girls' glee. Her escort was Philip Smith, and he has been active in football, track, and Rodeo Club.

This year's Tiger Pride football team was a good example of "Tiger Pride". Although the score board didn't always turn out in their favor, they never gave up. The attitude of each player was something that all Tigers should be proud of. Each put forth their full effort and strived for victory.

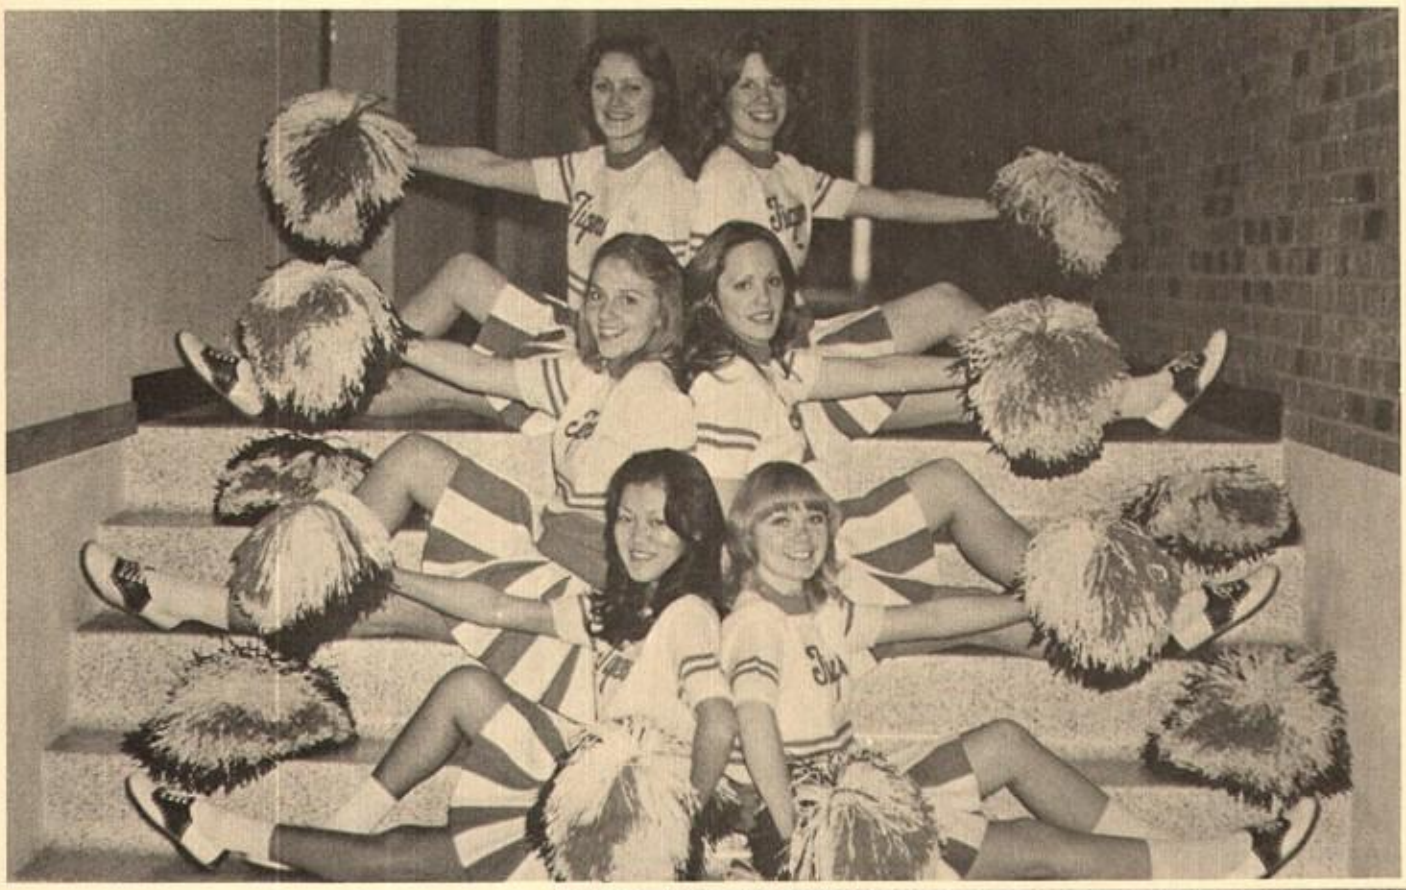
# It's The Cheers And Tears That Make Junior High Pep Club A Memorable Experience!

Mrs. Ward, Mrs. Keaton, and Mrs. Brooks are the Junior High Pep Club sponsors. They spend many hours keeping the Junior High Pep Club on their toes.



This year's basketball cheerleaders were: Lindy Manning, Dana Johnson, Val Mrofcza, Nancy Fawcett, Amy Collins, and Tammy Copley. Throughout the basketball season many memories were created through these terriffic, talented, "Tear-'em-up-Tiger" cheerleaders!

The football cheerleaders were: Carla Bennett, Tami Chandler, Linda Garrison, Pam Hamilton, Shelli Martin and Kim Copley. These girls were certainly a helpful asset to the 1976 Tiger football season!

Mrs. Miller and Miss Bowling were the sponsors for Pep Club. It's no wonder that there were so many spirited people in Pep Club with such spirited and peppy sponsors. Thank you, Miss Bowling and Mrs. Miller, for your great leadership and many happy memories.

# F.H.A. Memories Linger On Forever . . .

Debbie Green, Miss FHA 1976-77, has been active in FHA throughout her high school years. She served as vice-president her junior year and as president her senior year. Debbie enjoys horse-back riding and swimming, and she plans to attend college or to work after graduation.

## The FHA Creed

We are the Future Homemakers of America
We face the future with warm courage,
And high hope.
For we have the clear consciousness of seeking
Old and precious values.
For we are the builders of homes.
Homes for America's future.
Homes where living will be the expression of everything
That is good and fair.
Homes where truth and love and security and faith
Will be realities, not dreams.
We are the Future Homemakers of America
We face the future with warm courage,
And high hope.

Members of FHA pictured are: Kathie Peterson, Annie Abeyta, Leticia Villarreal, Debbie Green, Joy Cottrell, Kay Badley, Brenda Huddleston, Diane Evans, Brenda Grove, Pat Leisure, Judi Huddleston, Jalonda Grayson, Sherry Hill, and Pam Gamble.

"Mommy, Mommy, look what I got!"

"Diane, are Judi's notes really so funny?"

"Aha! Caught you by surprise!"

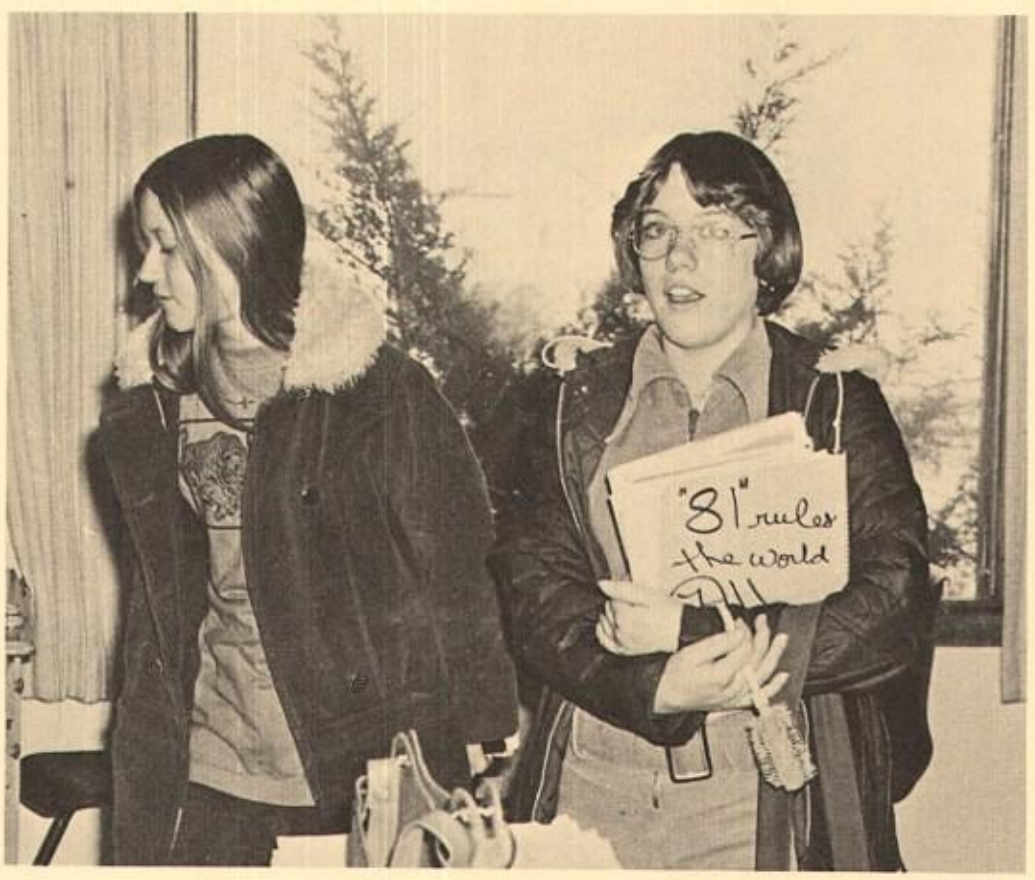
"Gee, that chair looks inviting, but that alligator has me scared."

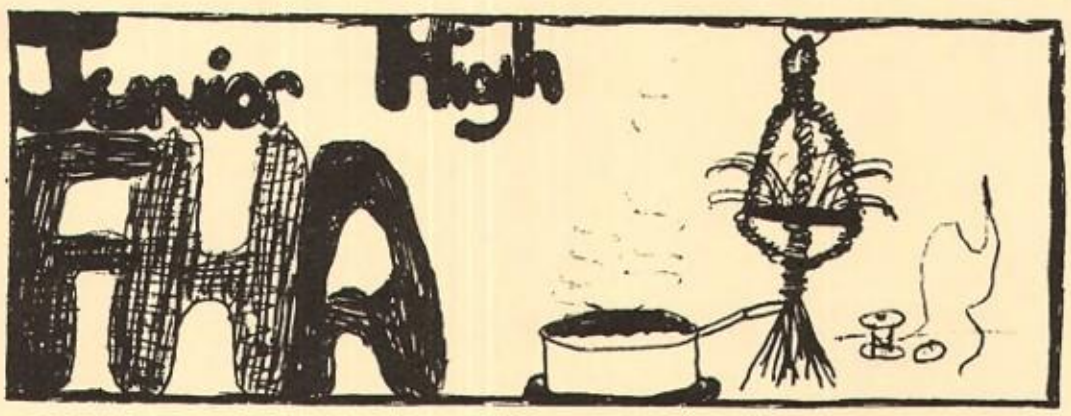
"Smile, Mrs. Hodges, we got ya now!"

# Junior High FHA is Really Cookin'

Pictured here are the members and officers of the Junior High section of Future Homemakers of America. Also pictured is their sponsor, Mrs. Kottke.

Under the influence of Mrs. Kottke, the Jr. High FHA girls are guided into improving themselves in the latest grooming methods, as well as sewing and cooking. They also learn to make macrame pot hangers and stuffed animals.

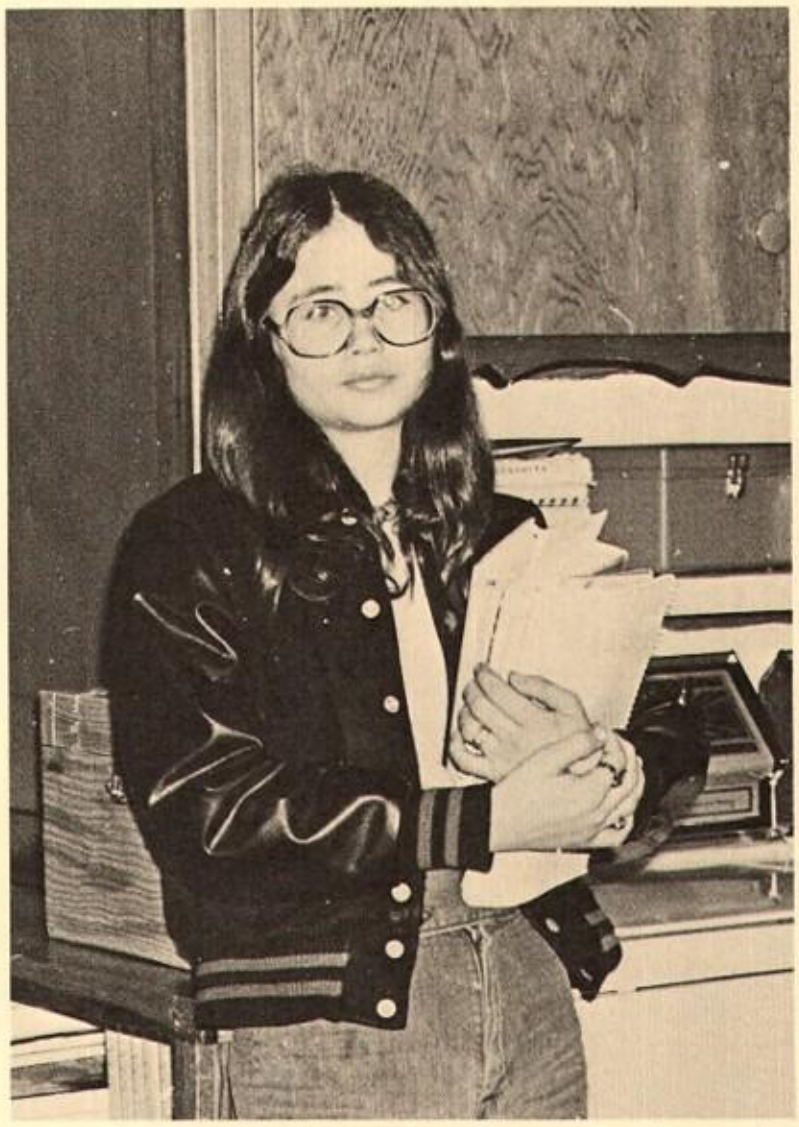




Leesa Riffel, Dedee Hasse, and Terri Hatfield are the officers of Junior High FHA. With their enthusiasm, FHA is sparked to better performance. Junior High FHA has had a class in personal improvement this year. They also studied decorating with macramé and plants. One of their projects was the Arts & Crafts Fair. They will also make and raffle an afghan.

Shona is one of the FHA members who enjoys the task of domestic homemaking.

Sandra agrees that FHA builds a better homemaker.



Kathy, one of the members of Junior High FHA, is a very dependable girl. She is ready to help in all activities.

Junior High FHA members have alot of "get up and go".

This year's V.I.C.A. members included: Carla Clay, Linda Stephens, Tammy Caudell, Amanda Edens, Dale Klare, Steve Banks, Harold Groves, and Craig Weatherly. Each has learned the importance of a good job and how to better prepare himself for the future.

V.I.C.A., on the national level, is made up of welding, auto mechanics, and industrial cooperative training. Guymon's local organization is socially oriented, having had a bowling party and a cook-out. G.H.S. students attended state conventions, learning parlimentary procedures and speaking before groups.

I.C.T. is a class for students who want to work and also attend school. They attend actual classes the first half of the day and work the last half. Their superviser, Mr. Cronkhite, confers frequently with the employers of each student.

# V.I.C.A. And I.C.T. Are Working Together To Prepare For The Future.

Larry Schuette, Tammy Caudell, Harold Grove, and Steve Jamieson are enrolled in I.C.T. Each has found a job that will help him further his job training and, at the same time, has taught him that work can be an enjoyable experience.

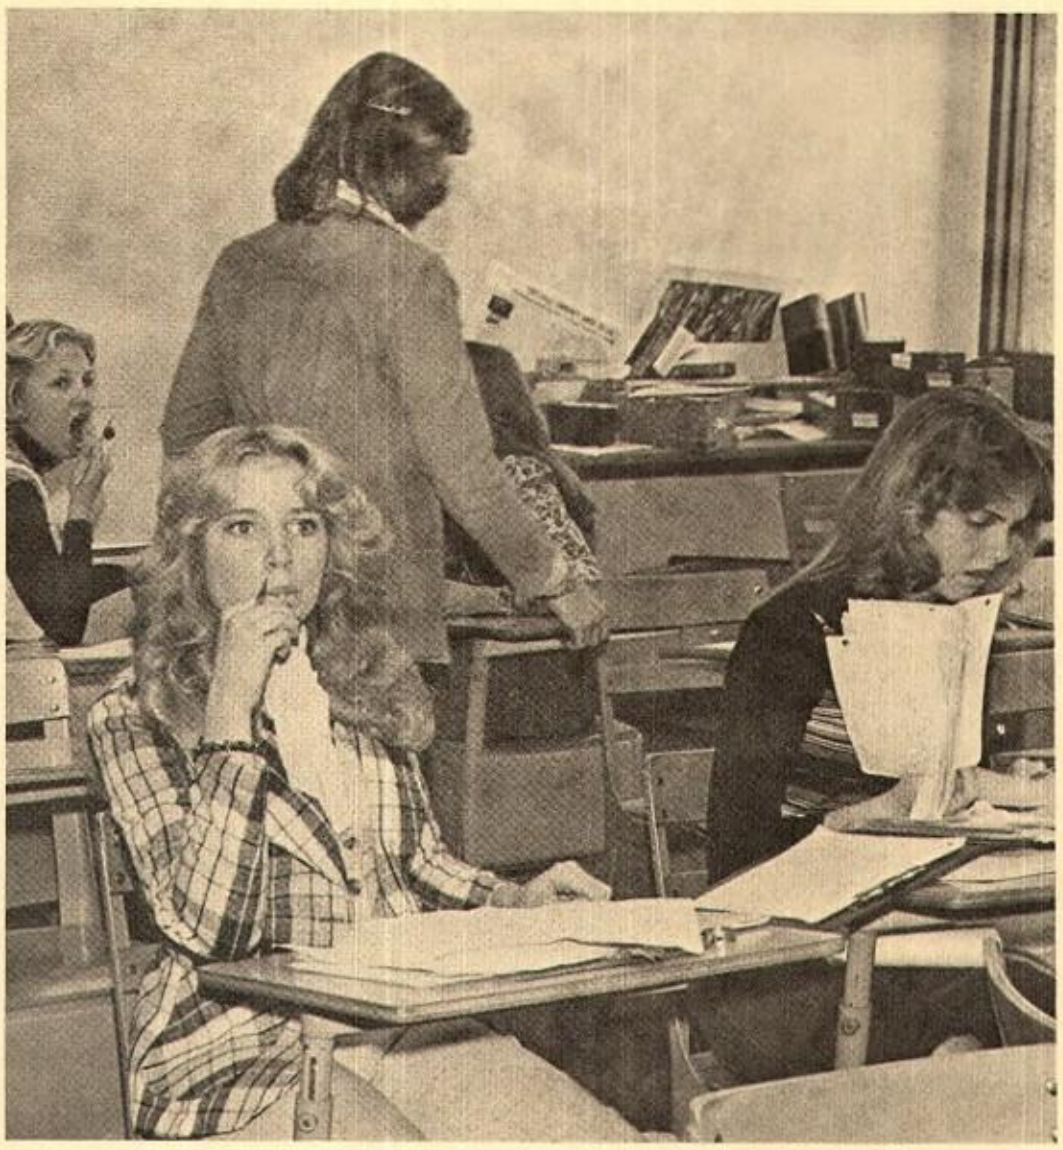
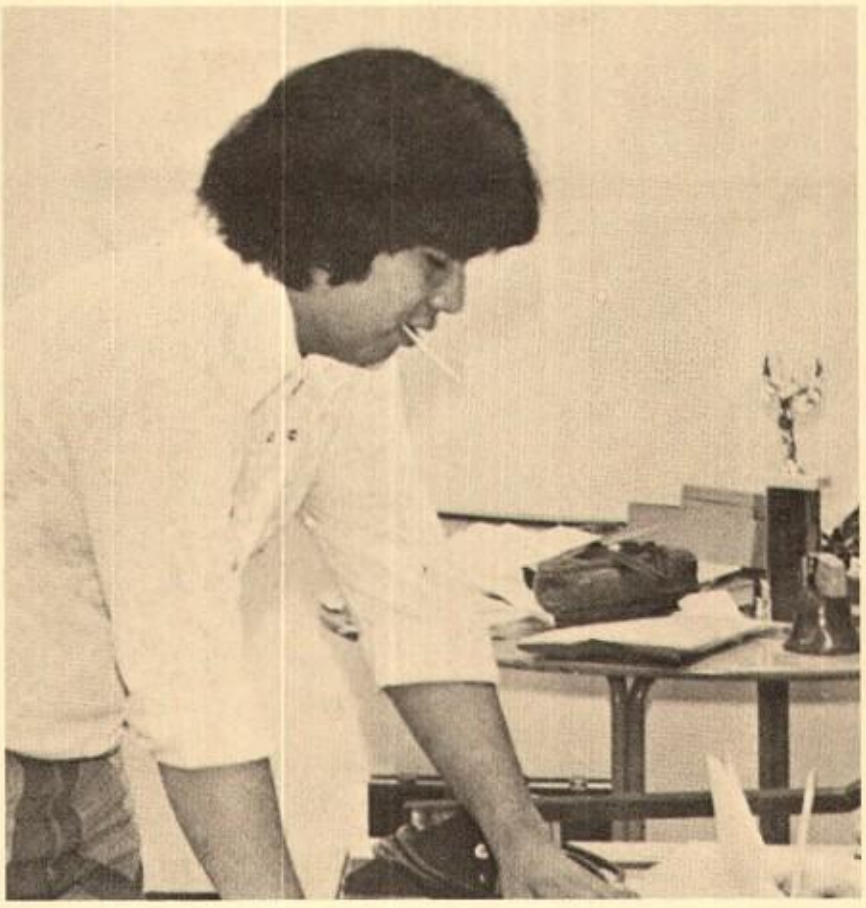
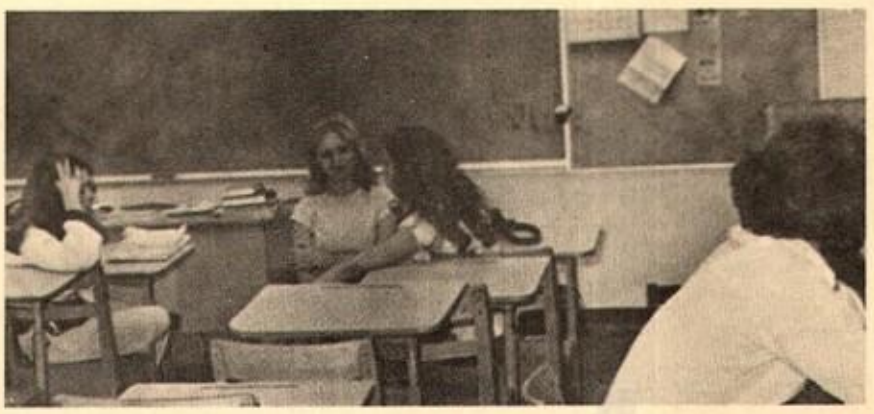
# Debators



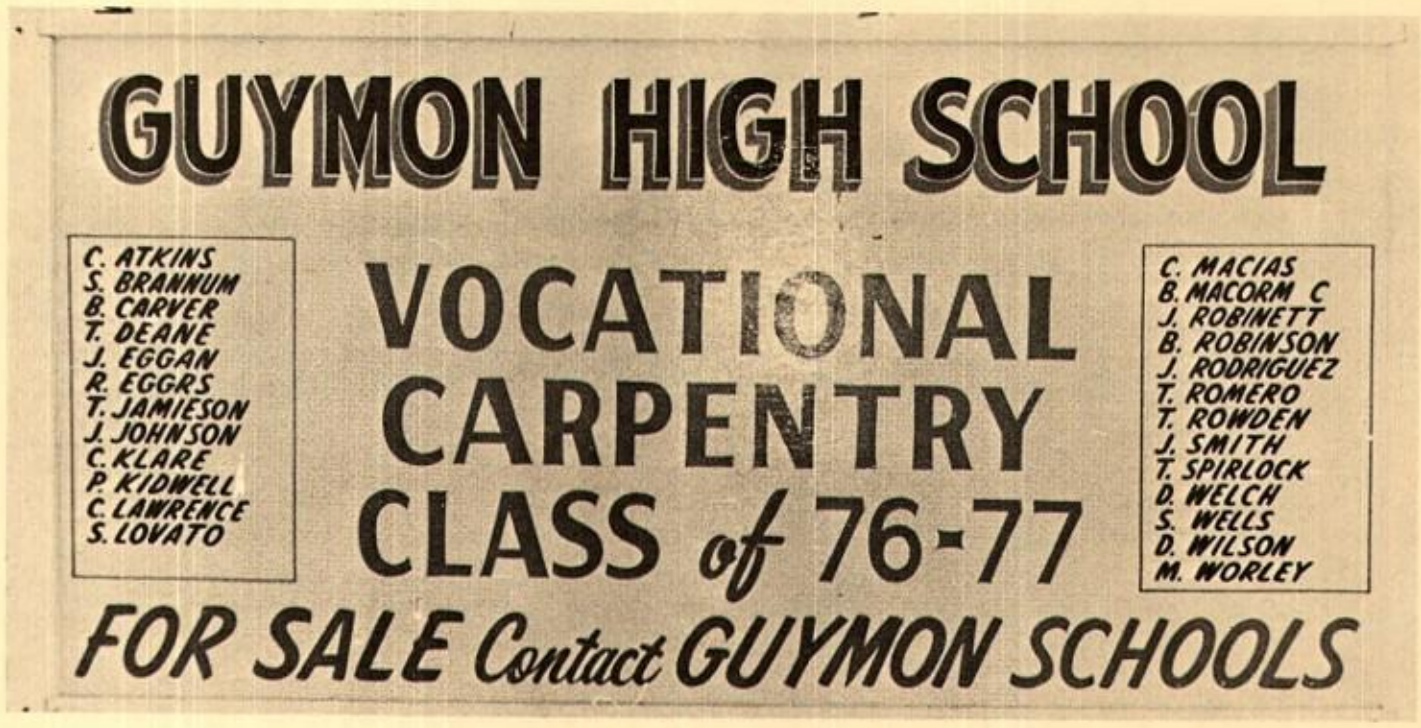


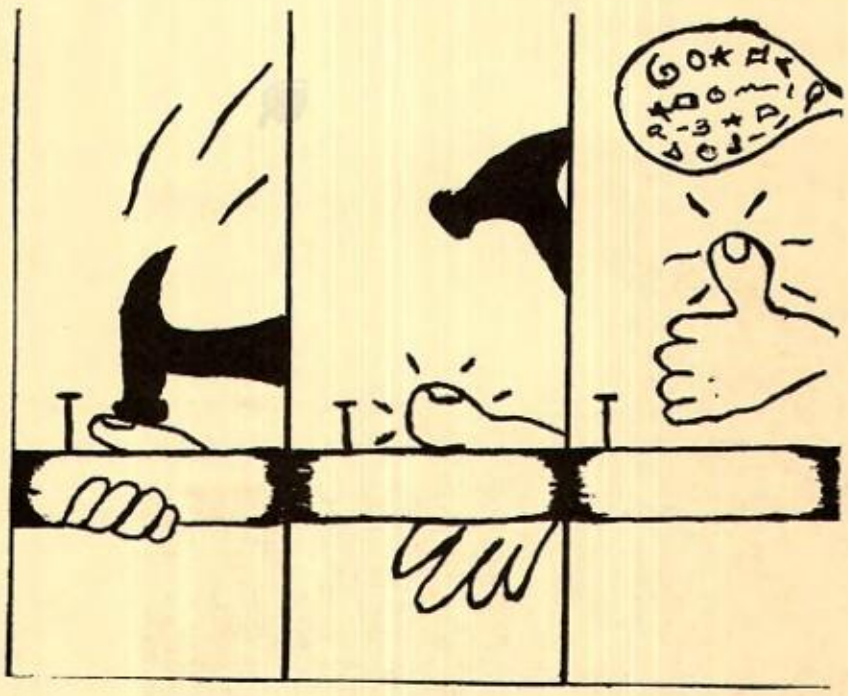
"Gee, Mrs. Roberts, if Kojak can, why can't I?" By looking at this classroom, you might think that debate is all fun and no work, but it's not!



# Do It All!

Paula, are you trying to be funny at a time like this? Paula is a good example that debate is a time for joy as well as sorrow.





"He that hath a trade, hath an estate," said Benjamin Franklin, and the vocational carpentry program of G.H.S. is trying to teach these students that this is very true. They are taught to work together, learning to share tools and ideas. Students in this program are taught to read house plans, to use power and hand tools safely, to pour concrete, and the ways to plumb and wire a house. The main project these students undertake is to build a residence which is sold on the open market, and the profits are put back into the program.

They have their individual projects which they must work on all year and keep records on these projects. Some of the students have calves, sheep, and hogs as projects and work diligently with their animals feeding, grooming, and generally caring for them. For the first time in several years there is a girl in the this chapter of FFA.

# An Exciting Future

Look at those big brown eyes and that golden hair. Which one would you pick? The one on the right, Sheila Gloden, naturally! Sheila has a special interest in livestock; no wonder Sheila was chosen the 1977 FFA Sweetheart.
